

FRIDAY ROUND UP

20th September 2024

A MESSAGE FROM MR FARRELL

Dear Parents and Carers,

I'm excited to announce that St Anne's Primary School will soon have its very own Facebook page! This will be a fantastic platform for keeping you updated on all the latest news and events at school. We also plan to use it to showcase and celebrate the wonderful work that your children are doing every day.

A Facebook Policy is currently being finalised by our governors and once that is in place, I will send out further details so that you can easily follow our page and stay connected with everything that's happening here at St Anne's.

I would like to take this opportunity to extend a special thank you to Sam Hammond, one of our parents, who has dedicated a great deal of time and effort to get this project up and running.

I look forward to sharing more information with you next week!

In the near future, we will be sending home GDPR consent forms with your children. These forms are essential for ensuring that we have your consent regarding the collection, storage, and use of your personal data, in accordance with the General Data Protection Regulation (GDPR).

We kindly ask that you complete these forms and return them to the school as soon as possible. Your cooperation is important to help us maintain compliance with data protection laws and ensure that we handle information about you and your child responsibly and securely.

Best wishes
Mr Farrell

CLASSROOM NEWS

Class R have had a fabulous start to St. Anne's. They are making new friends, exploring the classroom and learning about the wider school community. t

Class 1 spent some time understanding the school's vision and values. As well as taking part in lots of activities in the classroom, we also spent some time in forest school, where we used natural objects to create symbols that represent our school vision of 'Do everything in love'. Aswell as spending time outside with their friends, Class 1 also came up with fantastic ways of how we can show the school's values everyday in our classroom and around school.

In Class 2 we have begun our new art unit looking at how maps can be art. We have drawn maps of our route to school and this week we will be turning these into felt pictures. We had a lot of fun in our maths lesson drawing out how to flexibly partition numbers on our tables.

Face are offering courses and advice for parents. See the calendar for sessions that they are offering. To book a place use the email on the flyer.

 <h2>SEP/OCT TIMETABLE</h2> <p>Talks are delivered online via zoom 7pm to 9pm £24 each Book online at facefamilyadvice.co.uk</p>
