

# FRIDAY ROUND UP

26th September 2025

## MESSAGE FROM MR FARRELL

Dear Parents/Carers

It has been wonderful to see how our curriculum is really taking off this term. As I walk around the school, I am struck not only by the high-quality learning taking place in classrooms, but also by the smiles on the children's faces as they engage with new ideas and challenges.

From Year 5's creative art installations carrying powerful environmental messages, to the buzz of excitement in Class 4 as they investigate electrical circuits, it is clear that our children are thriving through their curiosity, creativity and resilience.

Music has also filled the corridors with joy as Year 5 have explored traditional Sea Shanties, learning to read music and perform together with great enthusiasm. These moments capture what makes St Anne's such a vibrant and inspiring place to learn.

Looking ahead, we are beginning our programme of school tours for families considering a Reception place for September 2026. If you know of anyone who may be interested in joining our St Anne's community, please encourage them to contact the school office to book a place on one of our weekly tours, which will be starting shortly.

Best wishes,  
Mr Farrell

# CLASSROOM NEWS

## RECEPTION

This week in Class R the children have started coming into school and independently busying themselves with some 'funky fingers' activities. These activities have been planned to help the children develop their fine motor skills as well as focusing on name recognition.

Well done Class R.

## CLASS 1

Class 1 have been investigating materials this week. We explore the properties of materials by bending, pulling and stretching them. In Forest School we created people out of conkers.

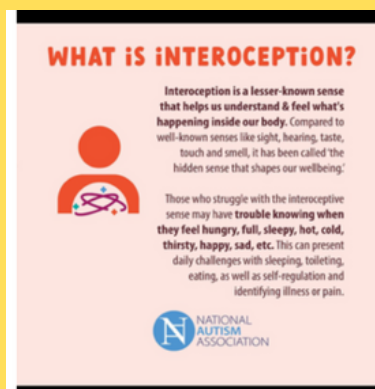

## CLASS 2

In Class 2 we have begun our music this year learning to play the Glockenspiels to a piece of music called Hands, Feet, Heart. The children have been fantastic at following the beat of the music and playing different parts of the song.
